

2014 年 12 月英语四级作文范文：大学获益的一门课

北京新东方纪军

On many campuses, we can easily find that it has been a prevalent tendency for universities and colleges to open various electives and compulsory courses. Students have different preferences to attend elective courses. As is often the case, it greatly benefits us college students in many aspects.

As for me, I benefit a lot from the course I chose. In my sophomore studies, I chose World Literature as one of my electives. On a regular basis, there are several factors accounting for my preference and benefits. Initially, I took great interest in Literature and charmed by the prestige of the lecturer for this course plays a critical role. Additionally, Courses like World Literature are a beneficial supplement to our college studies. Since nowadays companies are laying great emphasis on a candidate's practical skills moral standard as well as psychological quality, all-round development in curriculum is a necessity for graduates. Last but not least, reading literature can greatly broaden our mind and vision, motivate our critical and independent thinking, cultivate our patience, peace of mind as well as perfect our selfhood, which further boost my preference above.

To sum up, no one can underestimate the indispensable role of the course we take. For one thing, school should set more comprehensive

and practical curricula for college students and an appropriate assessing method for students' all round development. For another, each course has different top, we should choose the ones that are suitable for us according to our needs.

点评：

本次四级考试的写作依旧与 2013 年 6 月和 12 月的和四级的图画作文模式不同，与 2014 年 6 月考试很相似，一改“模板”式写作的弊端，反押题的模式十分明显，又重新回到了话题作文的形式，并且所给话题也是考生非常熟悉的，很容易展开思路，所以对考生的写作的语言质量提出了更高的要求，不能一味僵化背诵模板。更令我们感到惊喜的是今年的作文虽然有三个话题，但是话题设定的背景信息是趋同的，第一套题：大学获益的一门课；第二套题：印象最深的校园活动 第三套题：印象最深的一个同学。第一套题和 2007 年 12 月的四级真题提纲式写作—大学选修课很相似，第二套题和 2008 年 6 月的四级真题分析利弊式写作—大学生的娱乐活动的思路很相似，从这点看出真题复习对于我们之后的六级的备考有着很强的借鉴作用。最后祝愿大家考试成功，高分通过。
