

2015 年 6 月英语四级考试写作真题解析(广州新东方)

广州新东方 朱智滔

四级写作部分：

新四级写作，如六月的天气，变化多端。题型变化莫测，实际上反映了四级写作“反押题，反模板”之大趋势。图画作文于 2013 年 6 月粉墨登场后，睽违一年，再度登场。同学们只要在考前对图画作文对基本写法稍有准备，应该能淡定面对。本次四级写作三套题目在命题上与 2013 年稍有不同，direction 部分提示减少，发挥空间增大，但审题难度略有增加。题材方面，三套题目均与 2013 年的考题有异曲同工之妙——科技与教育，父母对孩子的过度干涉以及电脑在现代生活中的广泛使用。老瓶装新酒，提醒同学们须重视真题的重要性。一个模板走天下的年代早已过去，动笔前必须明确全文主题，确定段落结构，写作时先确保语言正确性，再适当以词汇句型点缀。以下以第三套考题

(The Modern Life) 为例，给同学们提供写作思路及范文，仅供参考。

文章主题：电脑广泛使用，贯穿现代人们生活的方方面面。

段落结构：

第一段：WHAT. 描述图画内容，点明寓意。(运用“三大核心句”) 第二段：WHY. 先总后分，列点分析现象原因。(运用因果分析法，适当使用关联词)。

第三段：HOW. 提出解决措施。

参考范文：

This drawing does mirror a common social phenomenon and it is thought-provoking. As is vividly depicted in the drawing, sitting in front of the computer for a whole day, the man is so addicted to using the computer that he even dreams of it when he is asleep. There is no denying that the drawing implies that computers are overused in the modern society.

Why does this phenomenon take place? Several factors may account for it. To begin with, the advancement of computer technologies has facilitated people's work greatly. In the office, for instance, people sitting next to each other will only have to send e-mails or instant messages to communicate. Furthermore, the existence of computers has enabled people to lead an easier life. With the help of computers, people can buy whatever they want on the Internet without leaving their house. Last but not least, computers also serve as a source of entertainment and recreation in the modern society. TV shows, games, music and movies can never failed to be found if you own a computer.

computers to the extent that they cannot live without it, the role of computers is misunderstood. Therefore, we college students should use computers properly.
