

2015年6月大学英语六级考试写作解析

上海新东方 吴泽扬

2015年6月的六级考试作文题目，中规中矩。三个题目分别是，1. knowledge is a treasure, but practice is the key to it 知识是财富，实践是钥匙。2. if you cannot do great things, do small things in a great way 做不了大事，就把小事做好。3. 爱因斯坦说 I have no special talents. I am only passionately curious 我没啥天赋，仅有好奇心而已。以上题目要求举例或者提出作者自己的看法。

第一个题目的核心是要重视实践 practice，第二个题目是要关注细节 details，第三个题目是希望我们要保持好奇心 curiosity。在三个题目中，有两个是四级出现过的。1997年的 practice makes perfect，2013年的 the importance of doing small things before undertaking something big. 其实对于国内考试，四级六级和考研，考生可以无需关心题目和文章的内容，因为所有评卷原则只针对语言，而不是作者的思想内容，换言之，只要作者把题目能看懂，至于内容是否合理是否牵强都是无关紧要的，从历年考场样文我们也可以得出这个结论，这里就不再详细叙述了。大家要关心的是如何准备一个能应对所有题目的套路，也就是模板。当然有些不负责任的老师会说考官会对模板扣分的，证据呢？对模板的定义是什么？考纲和阅卷规则都没有反对模板，2013年考研样文三篇都是的一个模式，语言的本质就是模板，日常生活中我们所说的话大多都是模板摘用而已。或者换句话说，阅卷的重点防范是模板和题目没关系，出现所谓“三明治文章”。

下面尝试一下一个例子如何有机的和三个题目结合。题目一，知识是财富，

实践是钥匙。A scientist may be well-known for his discovery. He is greatly rewarded for it and praised wherever he goes. Yet, how many sleepless nights did he spend doing practice in his laboratory? No one knows. 题目二，做不了大事，就把小事做好。A scientist may be well-known for his discovery. He is greatly rewarded for it and praised wherever he goes. Yet, how many sleepless nights did he spend checking details in experiments in his laboratory? No one knows. 题目三，我没啥天赋，仅有好奇心而已。A scientist may be well-known for his discovery. He is greatly rewarded for it and praised wherever he goes. Yet, how many sleepless nights did he spend doing experiments with passionate curiosity in his laboratory? No one knows.

大家只要在新东方的课堂上把握好出题思路掌握好适合自己的模式就可以完胜英文考试。还是那句话，题目可以随他变，我们的方针是，以不变应万变。
