

范文:**The Deficiency of Useful Information**

What the cartoon attempts to express is fairly conspicuous, in the office sit several white-collars who find it difficult to acquire useful information, while they are having a board meeting. The thought-provoking picture focuses on the difficulty in acquiring useful information in spite of advanced information technology.

The considerable facts could account for the phenomenon. The first reason should be emphasized is information explosion. A case in point is that with the rapid development of the information technology, people incline to obtain a large amount of information, but only a very limited amount satisfies their need. Another indispensable factor is that almost everyone is accustomed to searching for information instead of creating useful information by themselves. There is sufficient evidence showing although the information technology has improved significantly, fewer people are capable of producing various kinds of information resources which is beneficial to the whole society.

Considering the seriousness of this issue, several measures should be adopted to hold this grim tendency. On the one hand, it is imperative for individuals to enhance their abilities to select the useful information. On the other hand, some policies are supposed to be taken to encourage the public to create more valuable information. Only in this way can humans have a favorable information environment.

本次的六级写作题目可能会让很多同学松一口气，因为考察了大家练习比较充分的图画题作文。但是请大家一定不要掉以轻心，因为当出题形式的难度不大时，文章的思维难度和话题的表达难度一定会相应地增加。

碰到图画题，相信大家已经形成了相对固定的思路，那就是读懂图画所表达的现象，结合题目中的文字提示确定写作的侧重点和议论方法。本题的图画描述了几个白领在办公室中开会，使用诸多电子产品和信息工具的他们却在感叹越来越难以获取有效的信息。题干中也明确地提示我们，应该重点阐述“尽管信息技术发展地越来越好，获取有效信息却有很大的难度”。到了这里，图画的现象和我们需要议论的话题已经比较清晰了。接下来很多同学可能会用危害分析的框架进行第二段的主体议论，重点描写信息技术发展所带来的危害。还有一些思考比较深入的同学，会从比较客观的视角来分析信息技术发展带来的利与弊。然而上述两种文章框架一旦确立，同学们可能会在操作的过程中发现文章所给的信息比较局限和单一，从而进入内容的僵局。因此，老师们建议大家在深入分析图画及其背后话题之后，选取原因分析作为整篇文章的议论框架进行体系化的展开。因为图画中给了我们两条信息，而仔细挖掘则不难发现，二者之间存在间接的因果关系，同学们只需要进行一定地分析，展现出两者之间较为直接的联系即可。

行文解析:

第一自然段我们不论写什么样的议论文，都要进行现象的描述，所以通过图片我们可以知道的现象是两方面，一是信息多，二是有用的信息却更难找到；需要将

两个方面都写进去。实在不会的同学是可以直接将谚语抄写，写在话题句中。第二自然段是分析原因，选择“原因分析段模板”，从个人和社会两个角度分析为什么有用信息更难找到，加上具体两个例子，第二段主体段落就大功告成了。第三段是针对这个负面现象，我们给出一些建议措施，分为个人和社会两个层面来写，最后一句万能结尾句，整个文章就一气呵成了。
