 (4×2) 67-70 BADE

第 II 卷 (共 50 分)

I. Summary: (10 分)

(1) Tutoring is gaining popularity in Canada, suited to children (2) at different levels. Generally, (3) higher academic achievements are the goal, beyond which are the cultural and attitudinal shifts, partly due to (4) Asian immigrants' influence, and (5) parents' lack of time or ability to help children. These all contribute to the rise of the business and (6) the growing acceptance among parents and children. (60 words)
