Percentage of people's exercise time in the city of Chicago in 2017

How much time do you spend on exercise? Scientists from US made a survey about people's exercise time during a day in the city of Chicago in 2017. They suggest(建议) that we should exercise two hours each day to keep healthy. As it shows in the survey, only a quarter of people in the city have enough time to exercise. Most people exercise for less than one hour and half every day. Less than twenty percent of people exercise two to four hours a day.

We all know that we should often exercise, but it is not easy to plan enough time to exercise during the busy day. To find the best time to exercise is also important, so we need to know about how our bodies function(运转) over a 24-hour day. In fact, it's good to exercise both in the morning and evening. Although keeping on taking exercise isn't easy when we have lots of work and study, we still need to plan to do it.

61. What percent of the people exercise at least four hours a day?

62. How long do we need to exercise a day to keep healthy according to the scientists?

63. Please translate the underlined sentence into Chinese. (请把划线的句子翻译成汉语)

64. When is it good to exercise?

65. Do you keep exercising in your life? Why or why not??

解析:

文章大意: 2017年芝加哥人健身时间的调查及其结果分析

61. 6% / 6 percent. 由文章图表可知答案。

62. For two hours. 由第一段第3句话“They suggest that we should exercise two hours each day to keep healthy.”可知答案。

63. 不到20%的人每天锻炼2-4小时。

64. Both in the morning and evening. 由倒数第二句话 “In fact, it's good to exercise both in the morning and

evening.”可知答案。

65. Yes, I do. Because it is important to keep healthy. 本题为开放性试题, 言之有理即可。

- 71. yourself 考察固定搭配, “谢谢, 你自己保管好钱”, by oneself 是固定搭配, 意思是“独自”。
