One possible version:

In 2019, the second National Youth Games, which all of us have been expecting for a long time, is coming soon. We Shanxi people have made every effort to leave a wonderful impression on the people around China.

The most important change, which is closely related to our life, is that people are encouraged to improve their health. For example, the exciting sports marathon is held in Taiyuan every year; a large number of sports centers can be found around the city and people can take part in fun and relaxing activities on Fitness Day.

Apart from realizing the importance of keep healthy, the government has also built more public sports facilities, public parks and bike-race lanes so that people can have more choices while exercising. And Fenhe Park has also been completely rebuilt, where you can see plenty of people do sports every day.

Another big change is of the environment. If you come to Shanxi, you will surely be amazed at the forest-covered mountains and the clean and tidy streets. And as a local, I am pretty proud of the well-known places of interest in my hometown.

So I strongly believe that nobody will be disappointed if he comes to Shanxi. Sincerely, welcome to Shanxi!
