第二节 书面表达 (满分 25 分)

One possible version:

Last Thursday, all the students and teachers in our school gathered in the auditorium at 3 p.m. to enjoy a special activity----an English speech contest with the theme of “telling Chinese stories in English”.

The activity had three parts. First, every contestant delivered his or her own speech and then each of them was asked to make an impromptu speech according to the given questions by the judges. The last part was evaluating and presenting the trophies to the award winners.

This contest gave us a good opportunity to enhance our abilities of speaking English as well as having a deeper understanding of the differences and connections between China and the world. More importantly, we get to know it is our responsibility to spread splendid Chinese culture to the world.
