#### 三、语篇理解

本题你将听到一篇短文。请你根据短文内容和所提出的5个问题,从每小题所给的A、B、C三个选项中,选出一个最佳选项,并在答题卡上将该项涂黑。读两遍。

When I was a primary school student, our science teacher, Mr. Black, asked us to make a paper plane of any shape. Our only goal was to make it in the least time and get it to fly as far as possible. I had some experiences of making paper planes with my sister Kate, so I thought it would be easy for me to beat others in the beginning.

However, Jim, one of my classmates, quickly reported he was ready to test his plane. He stood at the starting line with a normal piece of paper. Seeing this, some classmates started laughing in a low voice.

Then Jim made the piece of paper into a paper ball, and threw it down the hallway. The paper ball did fly far away.

Some of the students argued that Jim cheated and that what he made was against the teacher's order. "But I said it could be in any shape and the paper ball is really a kind of shape," Mr. Black replied. Then the whole class fell silent.

That day I learnt a lesson that I would never forget. Be brave and open to any possible ways. Jim is really creative and any one of us could be like him as long as we keep trying and never easily say no.

#### 四、听力填空

本题你将听到一篇短文。请你根据所听内容,完成下面的表格,并将获取的信息填到答题卡相应的位置上。每空一词。读两遍。

Everyone wants to find happiness. But sometimes it can be as hard as looking for lost treasure. Just when you think you nearly reach it, something unexpected happens. This may puzzle you a lot.

Here are some tips for helping you find happiness from a 19-year-old girl called Liu Fentang.

- First, don't put all your eggs in one basket. If you depend on one thing or one person to make you happy, it may be impossible. You need to enlarge your circle of friends and activities.

- Second, follow your own heart. When you go against your own thoughts, you usually feel sad.

- Third, organize your ideas. Try making a list of the things that seem too big to manage on your own.

- Fourth, the important thing is to remember your value when life becomes hard.

Happiness can be hard to feel at times, so don't think there is something wrong with you if you don't feel it. The ways above will help you feel more about it.
