Nowadays, modern people excessively pursue the outer beauty. For example, some young girls chase the beauty of appearance by the way of make-up or even plastic surgeries. Nevertheless, I reckon that beauty of the soul is the essential beauty.

On the one hand, the beauty of the soul is everlasting with its power to exert positive benefit to the world. Take Yuanlongping, the father of the hybrid rice, as an example. Through years of working on farmland, he impressed people with his sunburnt face and grey hair. However, no one can deny the beauty of his soul and the contribution he has made for his country.

On the other hand, the beauty of appearance is bound to fade away and vanish. Without a kind heart, one will never gain respect no matter how charming he looks. So much emphasis on external will only leave us in anxiety and depression.

In a nutshell, today's commercialized world really mislead people into the endless pursuit on looks, but outer beauty is only skin deep whereas the beauty of soul is the thing that matters a great deal for

oneself. Hence, we are supposed to focus on cultivating good characters and inner beauty.
