

六级写作解析

新东方郑州学校陈文雯

今年的六级写作是俄罗斯套娃风，也是出题人想要证实自己是个 rapper 的一天。虽然一如既往地考查了一篇论述文章，但是审题难度增加了许多，套路了许多考生。例如：

Wealth of mind is the only true wealth. (精神财富才是唯一真正的财富)

从写作的内容来看，文章考察的是谚语分析，要求考生对语句正确理解。正确审题之后，需要我们对“wealth of mind”话题进行论述，并提出自己的见解。对于这一哲理类话题的论证，根据自己对这一话题的所思所想进行进一步三段展开论证即可。

比如，首段引入我们论证的话题是：wealth of mind. 主体段落从 wealth of mind 帮助我们做好准备以及帮人克服不可预测挑战这两个角度论证展开。尾段再次重申观点，突出 wealth of mind 的重要性。

【参考范文】

The old saying goes that “Wealth of mind is the only true wealth”, which means that the wealth of mind means much in our daily life. However, a flood of people are ignoring its importance and emphasizing on the material pleasure. As for me, it is suggested that great significance should be paid to the importance of wealth of mind.

To be more specific, wealth of mind assists us to prepare for the tomorrow. We fail to deny that without the motivation from a strong mind, most of people are more likely to wander around or abandon their goals, which might be adverse to their lifelong learning. In addition, wealth of mind enables people equipped with possibility to grasp the opportunities and overcome the unpredictable challenges. When confronted with the uncontrollable factors from the tomorrow, people with a wealthy mind will win the

success and embrace the victory.

From what we have discussed above, a safe conclusion will be drawn that wealth of mind is the only true wealth for us.
