大学英语四级考试圆满落幕，此次考试的写作话题依然延续议论文的传统，并再次触及互联网话题，同学们可以从在线词典的优势，弊端，或推广在线图书馆行之有效的举措这一系列角度展开论证。

■ 首先：仔细审题

既可以 原因分析
也可以 利弊分析

其次：罗列提纲

首段：引出主题 (最近在线词典非常流行)

中段：分析原因 (在线词典的流行原因?)

尾段：观点结论 (我怎么看?)

最后：动笔写作

首段：引出主题 (最近在线图书馆非常流行)

Online dictionaries are becoming increasingly popular over the past quarter of a century, since online dictionaries can, as you are probably aware, benefit a vast majority of people, especially college students, in ways that physical hardcovered dictionaries can hardly compare with.

中段：分析原因 (为啥在线词典好)

可能原因：方便 快捷 随时随地

For one thing, compared with dictionaries printed on paper and bound with a hard cover,

which were always heavy and voluminous due to large amounts of information in them, online dictionaries are far more convenient to make access to, and much easier to use than traditional dictionaries. Instead of having to leaf through several pages and scan down the correct page to find a particular entry, online dictionary users need only to type into the word, and its definition will immediately appear on the screen, which leads to greater efficiency and increased productivity for students.

尾段：观点态度

To sum up, as far as I can see, the popularity of online dictionaries cannot be undervalued. But we must find out ways to cope with the problems that would arise. Only in this way can we profit more from it.
